USCIS Announces Citizenship and Assimilation Grant Opportunities

USCIS Announces Citizenship and Assimilation Grant Opportunities ^[1]

Submitted by Chief Editor on Jul 31st 2019

Release Date: July 30, 2019

WASHINGTON? U.S. Citizenship and Immigration Services (USCIS) announced today it is accepting applications for two funding opportunities under the Citizenship and Assimilation Grant Program that will provide up to \$10 million in grants for citizenship preparation programs in communities across the country.

These competitive grant opportunities are open to organizations that prepare lawful permanent residents for naturalization and promote civic assimilation through increased knowledge of English, U.S. history, and civics.

USCIS seeks to expand availability of high-quality citizenship and assimilation services throughout the country with these two grant opportunities:

- **[Citizenship Instruction and Naturalization Application Services. \(PDF\)](#)** ^[2] This grant opportunity will fund up to 36 organizations that offer both citizenship instruction and naturalization application services to lawful permanent residents. Applications are due by Aug. 13, 2019.
- **[The Refugee and Asylee Assimilation Program. \(PDF\)](#)** ^[3] This grant opportunity will fund up to four organizations to provide individualized services to lawful permanent residents who entered the United States under the U.S. Refugee Admissions Program or were granted asylum. These services will help them to obtain the skills and knowledge required for successful citizenship and to foster a sense of belonging and attachment to the United States. This grant strives to promote long-term civic assimilation of those lawful permanent residents who have identified naturalization as a goal, yet may need additional information, instruction and services to attain it. Applications are due by Aug. 13, 2019.

USCIS will take into account various program and organizational factors, including past grantee performance, when making final award decisions. In addition, all funded grant recipients must enroll in E-Verify as a regular employer within 30 days of receiving the award and remain as a participant in good standing with E-Verify throughout the entire period of grant performance. Funded grant recipients will be required to verify all new hires at hiring locations performing work on a program or activity that is funded in whole or in part under the grant.

USCIS expects to announce award recipients in September.

Since it began in 2009, the USCIS Citizenship and Assimilation Grant Program has awarded approximately

\$82 million through 393 grants to immigrant-serving organizations in 38 states and the District of Columbia.
