## Passport Help <sup>[1]</sup>

Submitted by Chief Editor on Sep 30th 2009

My father in law is a US citizen. He went to India in January 2009. There one of his relatives registered a false case against him and the Punjab police took away his passport from him. Then the case started in the court. His passport is in the hands of police till now. The judge is just giving him dates. How can he get his passport back? He is still in India.

### **ANSWER:**

I checked with Rajiv. He said that a passport is ultimately the property of the issuing government. Punjab police will probably not be able to hold the passport beyond a certain time. We do not practice laws of India (US only). They need to discuss this with local counsel.
