PERM Approval for brother of corporate president

PERM Approval for brother of corporate president ^[1]

Submitted by admin on May 25th 2011

The sponsoring employer was a small company (less than 20 employees) that was sponsoring the brother of the president. The Labor Certification was audited due to the familial relationship, which is a significant issue in the PERM process. We successfully responded by proving that the relationship between the president and the applicant did not influence or affect the PERM Processing. The I-140 petition and I-485 petitions were approved, and the applicant received his permanent residency.
