MTR approved by DOL on engineering issue

MTR approved by DOL on engineering issue ^[1]

Submitted by Rajiv S. Khanna on Sep 10th 2013

USDOL had denied a series of cases for many employers represented by various law firms. The ground of denial was that when "engineering" was one of the acceptable majors for an IT job, that created too much ambiguity for a case to be approved. DOL stated that there are fields of engineering, such as Agricultural Engineering, which are clearly inapplicable to IT positions.

This ruling had become a nation wide issue.

We filed an MTR pointing out the defects, legal and factual, in the ruling. We also indicated our willingness to litigate this highly unfair ruling in federal courts. DOL has, most appropriately, reversed their decision.

Agency:

DOL ^[2]

Profession/Occupation:

Computer and IT Professionals ^[3]

Engineers ^[4]

Green Card:

PERM - Labor Certification ^[5]
