DOL Publish Notice to Stakeholders Regarding H-2A Certifications

DOL Publish Notice to Stakeholders Regarding H-2A Certifications ^[1]

Submitted by Editor on Oct 21st 2013

As a result of the unique perishable nature of agricultural commodities in the H-2A program, OFLC will temporarily (for a period not to exceed 30 days) implement the following mailing procedure:

1. Upon certification of an H-2A application, the Chicago National Processing Center will send the employer and its authorized representative an Adobe PDF of the labor certification via e-mail. The employer would need to print, sign and date the PDF version for submission to USCIS with the I-129 Petition for Nonimmigrant Worker(s).
2. The original (secure) H-2A labor certification will be delivered overnight to the employer or its authorized representative in line with normal OFLC practices.
