Memorandum: Employment Eligibility for Derivatives of Conrad State 30 Program Physicians

Memorandum: Employment Eligibility for Derivatives of Conrad State 30 Program Physicians ^[1]

Submitted by Chief Editor on Jul 18th 2014

USCIS does not believe that a J-2 dependent of a J-1 foreign medical graduate can change to H-1B status, or any other employment-authorized nonimmigrant classification (with the exception of T or U status) until the principal Conrad State 30 waiver recipient has fulfilled his or her three-year employment obligations in a medically underserved area. However, USCIS is open to reviewing current regulations and considering whether steps should be taken to enable such J-2 dependents to engage in employment while in H-4 status.
